Resolutions Passed

General Body meeting 06/18/2010

After careful deliberation, the members approved the following resolutions at the General Body Meeting held at Mansion on the Plaza in Brick on June 18th, 2010:

1. Our bylaws do not prohibit physicians to be accompanied by spouses during MOCAAPI events. It is the responsibility of the sponsoring organization to inform MOCAAPI and all prospective attendees in writing before agreeing to sponsor any of our events, if the attendance would be restricted. Further, the sponsors would be responsible to monitor compliance to any applicable guidelines or policies that they might be subject to. Attendees agree to attend all events at their own discretion and responsibility. They are encouraged to verify with the sponsors if they feel that their attendance might be restricted. MOCAAPI can not assume any liability for the attendance or non-attendance of any members or non members during any events.
2. MOCAAPI as an organization would not endorse, promote or facilitate in any way one member over the other, if more than one members are contesting for any elected or non elected position, whether at MOCAAPI or at any other institution or organization.
3. It is agreed that Business Meetings of MOCAAPI, including Executive Committee and other Committee meeting, could be held at any location as approved by the Chair of the Committee or the majority of the Committee members. However at this time, General Body Meetings of the organization are prohibited to be held at any personal/private residence or office.
4. Members of MOCAAPI, from time to time, may notify the MOCAAPI President (or any designated officer) of important events affecting their lives or practices; the officer, at his discretion, may disseminate that information to other MOCAAPI members via e-mail or other means, as long as the contents are not malicious nor adversely affect the interests of other members. Similarly MOCAAPI may also send at its discretion any other information, social, cultural, professional, educational or of a charitable nature to its members, which is judged to be of interest to its members.
5. Members wishing to disseminate information about promoting their practice or any other activity are encouraged to consider advertising on our website for a fee. Members may also request MOCAAPI to broadcast promotional information by paying a mutually agreeable fee for that purpose. MOCAAPI Officers reserve the right to approve or reject all such requests with or without any reason.

Indian American Scientist murdered

AAPI condemns the heinous crime

Dr. Divyendu Sinha, a 49-year old scientist, was severely beaten by five assailants while walking with his family in Old Bridge, New Jersey. He later died of a head injury from the assault. Numerous charges were brought against five teenagers, all under the age of 18, including murder and aggravated assault. Please [read the report](#) from Star Ledger. MOCAAPI reached out to AAPI to address the issue with the authorities. Please [read the press release](#) and the [letter](#) sent to Governor Chris Christie.

Community News

Dr. Anil Gupta elected Regional

Director

Dr. Anil Gupta from Toms River was elected the Regional Director of the AAPI Mid-Atlantic II Region 10 which includes NJ and PA. Until now NY, NJ and PA were all part of the same region. Because of large number of members in this region and to give them better representation in the Executive Committee, the Mid Atlantic Region was split into I and II. Dr. Sherwan Bagla was appointed the Regional Director for the Mid-Atlantic I (which covers NY) and Dr. Gupta takes over Mid-Atlantic II region.
